

Resolution by Clinton County Republican Central Committee of Iowa
Denouncing the Indictment of the 45th President Donald J. Trump

WHEREAS, the Clinton County Republican Central Committee of Iowa unanimously agrees that the foundational principle, Rule of Law and the supreme law of our land, the United States Constitution both forbid using governmental institutions and legal powers as instruments of personal and political persecution of individuals and groups; further, when the United States of America fails to follow and implement rule of law our country becomes a republic in decline. Sadly, we witness this under the current administration.

WHEREAS, the Clinton County Republican Central Committee of Iowa recognize that President Donald J. Trump was and continues to be subjected to a campaign of character assassination, unjustified and failed special counsel investigations, two spurious impeachment attempts and a contrived January 6, 2021 Congressional Committee investigation where evidence was modified and exculpatory evidence concealed; and,

WHEREAS, the Clinton County Republican Central Committee of Iowa perceives application of the principle elaborated by past Soviet Secret Police Chief Lavrenty Beria, "Show me the man and I will find the crime" against Donald J. Trump and other Republican supporters; and,

WHEREAS, Iowa's Governor Kim Reynolds not only denounces the unjust persecution and indictment of Donald J. Trump; she also warns that this continued weaponization of the Justice Department will erode the public's confidence and trust in governmental entities across the country.

BE IT RESOLVED, that the Clinton County Republican Central Committee of Iowa firmly supports the rule of law and strongly denounces the Democrat blatant disregard for justice and their efforts to persecute President Trump and his supporters.

BE IT FURTHER RESOLVED, that Clinton County Republican Central Committee of Iowa unequivocally stands against this political persecution and prosecution of President Donald J. Trump. We condemn abuse and weaponization of the American justice system against political opponents by any administration, specifically the current administration.

Signed:

Republican Central Committee of Clinton County, Iowa

Gov. Reynolds Statement on DOJ Indictment of President Trump

DES MOINES – Gov. Kim Reynolds released the following statement in response to former President Donald Trump announcing an indictment from the U.S. Department of Justice:

“The federal indictment of former President Trump represents a grave warning sign for the state of equal justice and public trust in government institutions in this country.

“Just like the Biden CDC’s overreach during COVID will have long-lasting impacts on the American people’s trust in public health institutions, the Biden administration’s weaponization of the Justice Department will diminish Americans’ confidence in law enforcement institutions for decades to come.

“This is a sad day for America, and it is difficult to see where we go from here—particularly as President Biden has also been accused of the same thing the DOJ is prosecuting former President Trump for. 2024 can’t come soon enough.”
